There's much eerie fascination - for a while - in the allegory of good and evil which opened Tuesday night at Broadway's Billy Rose Theater.

But all of the skills of Irene Worth, Sir John Gielgud and a trio of equally impressive supporting performers cannot hide the handicap of mockingly pretentious symbolism.

The drama concerns the world's richest woman, intent upon giving billions to the Church of Rome, and the spiritually exalted member of a religious order who is delegated to negotiate the transaction. He is taken into her home and subjected to temptation that wanders off into a television twilight-zone of elliptical talk and

such as we show. If flouncing, this is usually 36 or 40 inches wide. If you are tall, look for the 40-inch. Buy 1/2 yard more than your hip or bust measurement, whichver is the largest. This extra for sleeves.

Buy a good basic pattern with darts for fitting. Buy satin, crepe, taffeta, faille, or use an old dress you have. You can recut it so it has the pattern lines shown. Take out the sleeves and face the armholes.

Buy a long dress zipper for the left side. In a snug-fitting foundation dress, you need a large opening.

If you cut neck as low as we show, you can easily slip basic dress and lace overdress over your head. If not, then open one shoulder or cut a 6-inch deep placket down center at back neck. Edges of this can be zigzagged or closely overcast as in B). Notice that gimp or pearl cotton is whipped to the edge to keep lace flat.

Judge Changes Traffic Charge To Warning

A careless driving charge against a 17-year-old girl was converted to a warning ticket Tuesday by Municipal Court Judge Allan Asher.

The judge told Diane Rothe. 2009 Patricia Way, that although her inexperience in driving was a factor in the accident in which she was involved, since she was old enough to drive, she was old enough to take the responsibility when such inexperience resulted in an accident.

A boy driving back of Diane. George Edmondson, 2204 Downing Dr., testified that on Nov. 20 in the 1400 block of North Circle Drive, the light changed to red as the girl approached Palmer Park Boulevard. He said Diane put on her brakes, but her car went out of control and struck a car parked at the curb.

George said he tried to turn his car out, but it too slid out of control and struck the same car Diane had hit. Testimony by the investigating officer, Richard Gyson, was that the street was icv.

The girl's father, Major Vincent Rothe, pointed out that there is 36-inces of slope from the crown of the street to the curb where the car was parked. He said he observed another He said he observed another car come over the crest of the roadway, saw the driver put on the roadway, saw the driver put on the roadway, saw the driver put on the roadway of the Gazette Tele.

Klansmen's Case To Be Appealed By Federals

MACON, Ga. (AP) - The federal government, stymied in efforts to try six alleged Ku Klux Klansmen charged with conspiring to oppress Negroes, may appeal the ruling of a district judge to the U.S. Supreme Court.

U.S. Dist. Judge W. A. Bootle dismissed federal conspiracy indictments against the six Tuesday. The federal charges were brought after two of the six were acquitted in a state court in the shotgun slaying of Lemuel Penn, Washington, D.C. Negro educator.

Bootle's ruling said enforcement of general criminal laws is a local matter. He referred to the state acquittal of murder charges for two of the six and said it is important that the federal court "not usurp jurisdiction where it has none.'

Penn, a lieutenant colonel in the Army Reserve, was hit by shotgun blasts fired from a passing car in early morning darkness July 11. He was returning to Washington with two other Negro officers after two weeks of active duty at F. Benning, Ga.

Cecil Myers and Joseph Howard Sime were acquitted of murder charges in the Penn slaying in a state court trial at Danielsville Sept. 4.

They were among six later charged by the FBI with conspiring to injure and oppress Negroes. The other four are Denver Willis Phillips, George H. Turner, Herbert Guest and James S. Lackey.

State murder charges are still

Minor Changes Seen In Weather Pattern

By THE ASSOCIATED PRESS The nation's weather pattern showed only minor changes today from the past several days.

Warm moist air from the Gulf Coast sent temperatures above normal levels in most areas from Texas to Lake Erie. Northwest Missouri was out of the mild belt, with temperatures in the 30s, but in southeast Missouri readings were 60 degrees.

Readings were mostly below normal from the northern Plains to the Pacific Northwest. Fog, drizzle and light snow covered wide areas in the central part of the nation. Cold weather continued in the northern Plains with below zero temperatures again in Montana and North Dakota.

Early morning temperatures ranged from 21 below at Havre, Mont., to 71 at West Palm Beach, Fla.

DELAYED PAYMENT SALT LAKE CITY, Utah (AP) - After more than two decades with a guilty conscience, somebody apparently is sleeping better these days, having paid for some stolen road

The Utah Highway Dept. received a check for \$5 and a letter which read; "Twenty-two years ago I, with a couple of other youths, stole four red lanterns that were used as signals during the night. At this time I wish to pay for those lanterns."

He referred to recent proposals from some sources that supply lines for the Communist Viet Cong be bombed. He said it would be impossible to judge the results of such bombing.

Russell said that both the Viet Nam and Congo situations will be examined in detail by his Armed Services Committee.

Secretary of Defense Robert S. McNamara and top military and strategic officials will testify at the closed hearings.

"It would be nothing less than a tragedy for us to go and get involved in the Congo as we are in Viet Nam," Russell said. "That would be a monument to poor statesmanship." He said he hopes President Johnson will avoid any such course.

Russell said several European nations, including Belgium, France, England and the Netherlands have direct interests in the Congo.

"If we let them dump this one on us, we've lost all pretense of statesmanship. If there is one place where we haven't any business now, it's the Congo, Russell said

Bob Hull Is Menace To Goalie

NEW YORK (AP) - Bobby Circin Hull, who has driven many a National Hockey League goalie St. Louis to distraction with hockey's Baltimorr Detroit San Francisco heaviest shot, threw New York Ranger netminder Jacques Plante for a loss with a couple of

Hull fired eight shots at Plante Tuesday night as the Hawks extended their unbeaten string to 11 games and moved into a tie for first place with a 4-2 victory over the Rangers in the only NHL game played.

Six of Hull's shots were the kind of bullets that have him hot on the trail of the greatest goalscoring year any NHL player has ever enjoyed. Plante stopped those.

The other two were softies from close up and those were the ones that wound up in the net for Hull's 30th and 31st goals of the year.

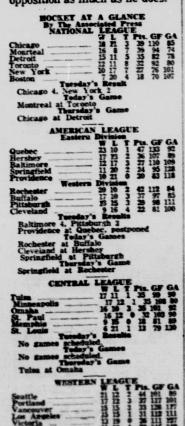

Hull's first score came late in the first period with the Rangers leading 2-0. Phil Esposito finished off a Hawk rush with a shot which the Ranger goalie stopped nicely. Plante cleared the puck in front of the net but the only man there was Hull and it didn't take long for that to become goal number 30.

Then, with the score tied 2-2 in the second period, Plante tried to sweep a loose puck off to his right but missed as he swiped at the puck. Hull picked it up with only the net in front of him and scored number 31 easi-

The goals put Hull 20 games ahead of the pace he maintained in 1961-62 when he tied Rocket Richard and Bernit Geoffrion's one-season record of 50 goals.

"That's why he's one of the greatest," Ranger Coach Red Sullivan said after the game. "He knows where to be at the right time. He can anticipate the plays."

Hull continues to play down all talk of the record and insists his linemates Chico Maki and Phil Esposito should worry the opposition as much as he does.
